Dear colleague,

As Editors-in-Chief, we are delighted to announce the forthcoming launch of the *Journal of Huntington's Disease (JHD)*, a new high-quality journal giving equal weight to original research in basic science, translational research and clinical studies in Huntington's disease and related disorders.

As a member of our research community, we would like to invite you to contribute your own research articles to the journal. Launching in 2012 online and in print, *JHD* offers contributing authors many benefits:

- First class Editorial Board (see overleaf)
- Rigorous peer review and speedy manuscript processing
- Rapid online publication (pre-print)
- Open access option: US\$700 / €485 Article Processing Charge
- Subscription access option: Free publication
- Sister journal to *Journal of Alzheimer's Disease* & *Journal of Parkinson's Disease*

Journal of Huntington's Disease is now accepting papers.

Submit your manuscript electronically to the online submission system at <http://mstracker.com/submit1.php?jc=jhd> or contact us at submissions@iospress.com. Detailed Instructions to Authors can be found at www.iospress.nl/html/18796397_ita.html.

We look forward to working with you on this exciting venture.

Best wishes,

Aims & Scope

The *Journal of Huntington's Disease* is an international multidisciplinary journal that aims to facilitate progress in understanding the genetics, molecular correlates, pathogenesis, pharmacology, diagnosis and treatment of Huntington's disease and related disorders. The journal is dedicated to providing an open forum for original research in basic science, translational research and clinical medicine that will expedite our fundamental understanding and improve treatment of Huntington's disease and related disorders.
